To Our Valued Customers:

Reference the Defense Federal Acquisition Regulation Supplement (DFARS). We do not manufacture the raw materials used to make our products. Our raw material sources are mainly melted in the United States, with a small percentage coming from the European Union.

The term DFARS compliant refers to materials (metal or otherwise) that come from [domestic](#) or [NATO](#) sources. However, there are countries included in DFARS that are not members of NATO.

**DFARS qualifying countries (Per DFARS 225.872-1) include:**

Australia	Austria	Belgium
Canada	Czech Republic	Denmark
Egypt	Estonia	Finland
France	Germany	Greece
Israel	Italy	Japan
Latvia	Luxembourg	Netherlands
Norway	Poland	Portugal
Slovenia	Spain	Sweden
Switzerland	Turkey	
United Kingdom of Great Britain and Northern Ireland		

Our products are considered to be DFARS compliant.
