

Animal Derived Ingredients Statement of Compliance

October 7, 2020

K-Tube Technologies is a manufacturer and distributor of laser-welded tubing and does not melt or produce any of the raw materials used in our products. Stainless steel alloys do not contain any Animal Derived Ingredients (ADI).

In addition, K-Tube Technologies conducted a survey of all suppliers who provide processing aids used to manufacture our raw materials. None of the aids used in our processes contain any Animal Derived Ingredients. Furthermore, K-Tube does not knowingly add or expose raw materials to any Animal Derived Ingredients in our factory. Based on these findings, we self-proclaim our products to be free of any Animal Derived Ingredients.

If you have any questions, please feel free to contact me.

Respectfully Submitted,

Rocky Giddens
